BOSTON, MASS.—\$2 per annum.

NEW YORK, N. Y.—\$3 " "

PHILADELPHIA, PA.—\$3 " "

BALTIMORE, MD.—\$3 " "

WEEKLY.

LEGISLATURE.—TUESDAY. In Senate, a bill increasing the jurisdiction of the Milwaukee County Court passed. Senate disagreed to the Assembly's amendment to the capital punishment Bill.—The bill revising the Sod of Laws passed. Also the appropriation (\$15,000) to the Institute for the Blind. A bill revising the Emigrant Agency was postponed indefinitely.

In Assembly, the salary of the Governor's Private Secretary was raised to \$1000. A bill passed making the act of medaling with bills of the Legislature a felony, punishable by imprisonment in State Prison. The bill allowing the Clerks \$750 each as extra pay passed.

Judiciary Committee report d that the evidences of indebtedness "handled" by the Fox River Improvement Co. are not such as are contemplated by the law, and that their lands are selected without consideration.

On the afternoon Mr. Noggle introduced a memorial for land grants to the state for railroads. After a sharp struggle, a vote was taken on a suspension of the rules to consider the memorial.—Lost 42 to 31—not two thirds; and the memorial goes to the bottom of the file.

The Lobby still at work.

A friend at Washington, writing under date of March 23d, gives us the following items of news, in regard to the Valley Road operations:

"The R.R. folks have called some and talk with confidence of carrying their bill yet. They rely a good deal upon Clegg's amendment, which they say, removed one serious objection in the minds of many members. They are naming all the capital they can, too, out of the Milwaukee not. They have not fixed upon their plan of operations yet and are hesitating whether to introduce a new bill, or attach the old one, as an amendment, to the Florida bill.

It will be seen from the above that the proposed grant of the Public Lands in this State is to be quite as much for the benefit of Brokers in Wadsworth, as the Valley Road Company. The bondholders see no other chance of getting back their money. We hope Congress will think twice before taking the Public Lands to pay a private company's bad debts.

It will be seen by our brief report of legislative doings that the Land-Grabbers are at work at Madison, trying to get a memorial third for their benefit. Let the People mark and remember every man who votes to rob them of their heritage.

The Anti-Land Grant Meeting.

The proceedings of this meeting will be found in our columns this morning. The transaction was large and the sentiment of the meeting unanimous against squandering the Public Domain up private corporations. Besides the gentlemen whom we named yesterday, as having addressed the meeting, Mr. Clegg, the Anti-Land Advocate made a very neat and effective speech against the policy of Land Grants.

The Free Democrat in its notice of the proceedings says:

The sentiment of our people is unmistakably opposed to all Land Grants to Railroad Corporations.

We trust that this meeting will be followed up by others all over the State, remonstrating against the squandering of the Public Lands, upon private corporations.

Circulars should be circulated and signed by all opposed to robbing the People of their heritage.

These are good suggestions. If the People would save their heritage from the hands of the spoilers, they must speak to their Representatives at Washington in language that cannot be misunderstood and with a little delay as may be—

The Land-Jobbers and speculators, who defeated for the present, are reckless and desperate and will have no stone unturned to accomplish their ends.

The Rescue Case.—Yesterday morning Messrs. William H. Waterman and George S. Weston of Racine, who were arrested on Tuesday evening by U. S. Marshal ALEXMAN, on a charge of aiding and abetting the rescue of Joshua Glover, a fugitive from (injustice in) Missouri, appeared before Winfield Smith Esq., and gave bail for their appearance in the next term of the U. S. District Court, in the sum of \$2000 each. Mr. VANCE COON became the surety for Mr. WATERMAN, and Mr. WATERMAN for Mr. WESTON. We learn that civil suits will be commenced against these gentlemen, by Mr. Garfield, the alleged owner of Glover. A warrant is also out against Mr. CHRISTIAN, Editor of the Racine Advertiser, but had not been served at the time the other gentlemen gave bail.

Still Another Arrest.

Mr. JNO. A. MESSENGER, of this city, was yesterday arrested by Marshal ALEXMAN with a warrant issued by U. S. Commissioner SMITH, for aiding the escape of the slave Glover. The examination will take place at 10 o'clock A. M. to-day. Uncle Sam will have a nice bill of costs to pay; but he is rich and breeds freely for the "peculiar institution."

There is an immense amount of travel and transportation upon the Great Western Road, has surprised even its most sagacious advocates. For weeks past, the daily trains have averaged from six to eight large size passenger cars, loaded with travelers east and west, while the number of freight cars has increased, and in spite of the great efforts to forward it, is a remarkable fact in the history of a road not yet two months in existence. Its beneficial effect, too, upon the business of our cities and the Central and Southern roads, is an evident as it is gratifying to every editor of Detroit.—Detroit Free Press, Feb. 2nd.

We are the Oakland and Ottawa Rail Road company to Lake Michigan the beneficial effects in which the Free Press rejoice would be largely increased. The tide of travel from the northwest, which is swelling so steadily and rapidly, now divides at Chicago, a large proportion following the Southern Michigan route to the East. But were the Oakland and Ottawa Road finished and in operation, very nearly the whole of this travel would pass thither. Detroit and over the Great Western Road. There is no more important river in that road, or to the business and prosperity of Detroit, in the entire North West, than the Oakland and Ottawa R. R. and we marvel that the "City of the Straits" does not manifest an appreciation of this fact by lending its credit to the amount of a million of Dollars, if need be, to all of this important enterprise. Detroit would be half principal and interest of the loan, in actual cash expended, to say nothing of the enhanced value of real estate, within the city limits, in the first year after the road should be opened.

Moral Law in New York.—Both branches of the New York Legislature have adopted the report of the Committee of Conference between the two Houses, fixing upon the 1st of December as the time for the Prohibition Law to go into operation. The vote in the Senate was 16 to 10, and in the Assembly 77 to 25. The bill only needs the Governor's signature to become a law. The current report is that Gov. Seymour will veto it.

New Hampshire.—The Boston Atlas of the 24th inst. states that the opposition have carried the bill of the New Hampshire Legislature to the contrary notwithstanding.

The atlas divides the House thus: Opposition

Legislative Matters.

Editorial Correspondence of the Sentinel.

Madison, March 27th 1854.

The Supreme Court had made a decision of great importance to many persons, involving the right to buy a quarter section of land in the new city of Oconto city, claimed by Mr. Richard Weeder, who had filed a claim resisted by the citizens of that place. A decision of the County Court heretofore made was against Mr. Weeder; but the Supreme Court reversed this, and held his claim good. The value of the property is very great.

In Senate this morning, Mr. Bashford introduced a bill providing for a review of cases in the Supreme Court, and Mr. Sterling reported a bill making the State officers Board of Equalization of state taxes, or abstracts sent up to them by the county offices.

The following bills passed:

Charter of First Society of Milwaukee, of do. Appropriation to J. Halpin.

Chief Clerks for extraordinary expenditures.

Charter of Platteville & Fennimore Plankroad Co.

Authorizing towns in Jefferson Co. to aid railroads.

Assessing chapter 9, R. S.

Providing for removing County Seat of Waupaca Co.

Assessing Kenosha Co. Loan bill—limiting the issue of bonds to \$100,000.

Senate took up the Assembly messages and referred a large number of bills to committee and then adjourned to morrow.

It is rumored that an attempt is to be made, as soon as the House sits out, to pass a land grant memorial. I have no idea that it can pass, or in the shortest house, so long as there are no sessions on every occasion.

Mr. Noggle's reply was short enough. He said that he had never been guilty of answering his assailant, and hoped that he never should so fail in respect.

The bill went to the Committee on the Judiciary.

The following bills passed:

Appropriation to Jas. Halpin.

Charter of Southern Wisconsin Mining Co., and the Assembly adjourned. W. H. W.

PUBLIC MEETING.

No Land Grants to Corporations!

A large and respectable meeting of the electors of Milwaukee, opposed to Grants of the Public Lands to Incorporated Companies, for purposes of private speculation and in favor of securing this vast domain in actual States, was held at Metropolitan Hall, on Tuesday evening, March 28. The meeting was called to order by JOHN T. TWEEDY Esq., on whose motion D. A. J. VAN ESQ., was chosen President.

On motion of Mr. COOPER, the following Vice-Presidents, ours from each ward, were appointed:

1st ward, S. S. Daggett; 2d ward, Garet Villett; 3rd ward, L. J. High; 4th ward, D. E. Cameron; 5th ward, G. E. Wunderly.

On motion of S. M. Mallory and E. L. H. Garrison, were chosen Secretaries.

On motion of F. J. Blair, the Chair appointed the following Committee of six to report resolutions for the consideration of the meeting:

F. J. Blair, F. Farney, M. Schoffer, John Nezro, Jr., John G. Innes, E. E. Wolcott.

During the absence of Black River Lumber Co., Dr. COOPER, Concerning Guardians.

Mr. Wright, from committee on corporations, reported a bill amending the new charter of Portage City in sundry particulars; and the bill passed.

Mr. Hadley, from select committee, made an apt report in favor of the bill authorizing the receipt of city and county bonds of this state by banking securities. It was ordered printed.

On motion of S. M. Mallory and E. L. H. Garrison, were chosen Secretaries.

On motion of F. J. Blair, the Chair appointed the following Committee of six to report resolutions for the consideration of the meeting:

F. J. Blair, F. Farney, M. Schoffer, John Nezro, Jr., John G. Innes, E. E. Wolcott.

During the absence of Black River Lumber Co., Dr. COOPER, Concerning Guardians.

The following is the substance of the report:

That, in 1851, Mr. BARSTOW, Secy of State, handed over to Mr. COON, Attorney Genl, for collection, a long list of mortgages. Mr. COON said that this would give him a great deal of trouble; so, to which Mr. BARSTOW replied that the work came within his (Mr. C.'s) sphere of duties, and the state would doubtless pay him for his trouble, and it would be all right for him (COON) to expend the money collected, for the necessary expense of collection. COON said that if all these expenses etc. were to come out of his pocket, he might as well resign." (He did resign, however, by a great delay as to his appointment.)

Mr. ORTON, from Select Committee on Land and Land Mortgages, reported at length. The following is the substance of the report:

That, in 1851, Mr. BARSTOW, Secy of State, handed over to Mr. COON, Attorney Genl, for collection, a long list of mortgages. Mr. COON said that this would give him a great deal of trouble; so, to which Mr. BARSTOW replied that the work came within his (Mr. C.'s) sphere of duties, and the state would doubtless pay him for his trouble, and it would be all right for him (COON) to expend the money collected, for the necessary expense of collection. COON said that if all these expenses etc. were to come out of his pocket, he might as well resign." (He did resign, however, by a great delay as to his appointment.)
